From Piers Corbyn+44(0)7958713320 piers@weatheraction.com

PRESS CONFERENCE
After Climategate - The future
- of Climate Change 'Green'
Policies & Weather forecasting.
 Frid 29 Jan 12Noon WeatherAction Office

Record ice-storms, blizzards & floods confirm WeatherAction long range forecast for waves of extreme events 16-27 Jan on 5 continents.

SWT Chain of cause revealed (with animation) from Solar flares through ionosphere, stratosphere & jet stream to predicted world-wide extreme weather events.

- Top SWIP (Solar Weather Impact Period) 18-20 Jan scores 5/5
- Major SWIP 24-26 Jan also scoring 5/5
 - New Tropical Cyclone Olga off Queensland
 - Met Office 4 day ahead UK forecasts 'bending' towards WeatherAction.

Photo taken on Jan. 22, 2010 shows the sea ice on the seashore in Xingcheng, northeast China's Liaoning Province. (Xinhua/Ren Yong). <http://english.sina.com/china/p/2010/0123/301434.html>. This confirms WeatherAction's warning issued 6 Jan for exceptional cold & icing at sea for NE China, SE Russia & Korea in this period. The jet-stream / polar region **animation*** shows the blast from the N pole which caused it – following solar flares & resulting disturbances in the ionosphere & stratosphere. *View via <http://squall.sfsu.edu/crws/jetstream.html> NH and see 'Comments from Piers info box on www.weatheraction.com home page for advice on loading and <http://tinyurl.com/yat5dw7> (=WA10NewsNo7) for more discussion.

“The TOP SWIP 18-20 Jan was predicted to be the most significant of three SWIPS in the 16-27th Jan prolonged **world red warning period** for extreme weather events on 4 continents”, said Piers Corbyn of WeatherAction long range forecasters; “- and the *specific groups of events predicted for it* all occurred:

- **Extra snow UK & Europe and specific warning for cyclonic conditions in Med/S Italy (2/2)**
(see <http://tinyurl.com/yat5dw7> =WA10NewsNo7, and <http://www.wetterzentrale.de/topkarten/tkfaxbraar.htm> & choose 21Jan 0hrs)
- **USA Blizzards / Ice storms / freezing rain largely in East & Central parts (1/1)**
 - Well confirmed - N/E eg: Active lows NE USA 18-20 Jan bring cold blasts to E & centre <http://tinyurl.com/yejr4yv>
 - 'Unbelievable' damage from ice-storm Iowa Central USA <http://tinyurl.com/ya6pzmf> ;
 - Worst storms in California for 140 years <http://news.bbc.co.uk/1/hi/world/americas/8473816.stm> including tornado-winds & mudslides - pic- <http://tinyurl.com/yau4u7c>
 - 3 feet of snow closes roads N Arizona (Emergency area) <http://tinyurl.com/yez3vq4>
- **Tropical Cyclone Forming NW Australia/Timor Sea 18/19Jan (+/-1d) (1/1)**
 - Tropical Cyclone Magda formed 20th off NW Australia http://weather.unisys.com/hurricane/s_indian/2010/index.html , landfall.
- **NE China, SE Russia, Korea - Exceptional cold, heavy snow & icing (1/1)**
 - See Beijing & Mongolia report WANews No 7 & pic above (ongoing effects).

In addition to these events there were other extreme events in this time period (as WeatherAction warned would occur): Serious floods in Mexico <http://tinyurl.com/yb836w4> - Floods in Gaza http://news.bbc.co.uk/1/hi/world/middle_east/8467543.stm ; - Rare summer snow in Australia (see WA News No 7 = <http://tinyurl.com/yat5dw7>); - An extraordinary twister 18th 3am Egypt time on the Nile tragically killed honeymoon husband: <http://tinyurl.com/y8wsl8v> Major Floods Egypt & Israel 19th <http://tinyurl.com/ybmy7cb> ; - 300 families flooded out Johannesburg South Africa 20th <http://tinyurl.com/y8w7dkg> ; - Severe cold & dense fog in North India 19, 20th etc http://news.bbc.co.uk/1/hi/world/south_asia/8471631.stm

New solar flares most extreme for two years

- Solar Cycle 24 has now got going!

- See SWT chain of cause in action!

One of the drivers of the top SWIP 18-20 Jan included the most significant **M flares** for almost two years (Go to <http://spaceweather.com/> and view 19 Jan. For new flares record 18, 19, 20 Jan see <http://www.swpc.noaa.gov/ftpdir/latest/DSD.txt> } "This means that solar cycle 24 has at last got going" said Piers "This and other flares linked to Earth by the solar wind caused a major Sudden Ionospheric Disturbance later on 19 Jan (<http://spaceweather.com/> and view 20 Jan for SID graph). This was associated with a Sudden polar Stratospheric Warming <http://tinyurl.com/yapwgkp> (NB for Arctic surface temps see <http://ocean.dmi.dk/arctic/meant80n.uk.php>) and ructions in the jet stream and polar air flow which gave the blast of cold air from the N pole into East Russia and China. **For animation (NH) also via WANews No7 see <http://squall.sfsu.edu/crws/jetstream.html> & pic caption over.**

At the same time a lot of other things went on which we cannot see which gave the many extreme events around the world in this TOP SWIP, including **all** we specifically predicted in region and date" said Piers.

St Lawrence river (eg) ice jam threat as predicted by SWT

[Weather Alerts - FOX44NOW.COM - Burlington/Plattsburgh News ...](#) (25 Jan) EASTERN CLINTON... EASTERN ESSEX...SOUTHEASTERN **ST. LAWRENCE**...SOUTHERN FRANKLIN. ... FLOODING DUE TO POTENTIAL **ICE JAMS** FROM EXPECTED HEAVY RAINS..

The predictions for 24th-26th, the final SWIP in 16-27 Jan WeatherAction **World Red Warning** period, are now being confirmed.

- **For USA** (2/2) We are very pleased with our **St Lawrence Ice Jam warning** (NE USA) which we issued on 2 Jan as likely to happen eg later in the 16-27 Jan period and now we see the official warning. There are also **other extreme events** developing in USA; eg floods via Fox link above (eg Franklin, Grafton) , Blizzard warning **N Dakota** <http://mystateusa.net/weather.aspx?id=559408> .
- **For N Europe espec Ireland, Britain & Scandinavia** (1/1) more **mild westerly flow is developing** as predicted and it is – as we warned – turning milder (espec in W/N) and more mobile than standard forecasts stated on TV from 4 days ahead. Meanwhile (24/25) storms closed the Bosphorous in Turkey to ships and roads are closed by snow (pic) <http://tinyurl.com/ybj5r7r> and heavy snow bought Greece to standstill <http://tinyurl.com/2rxg68>
- **Australia: TC Olga is pounding Queensland** (1/1) confirming our forecast of 6 Jan for a **Tropical Cyclone to form in the Coral sea** around 24/25th http://weather.unisys.com/hurricane/s_pacific/2010/index.html
- **NE China, Korea SE Russia** (1/1) **another bitter blast & icing** in WA forecast of 6 Jan for 24/25th Jan is now confirmed by warnings issued on 23rd for sea ice to expand over the next few days. This is the worst ocean pack ice in 40 years; formed in the Bohai & Yellow seas it has caused \$300Million loss of production due to forced closure of 6 out of 8 oil drilling rigs.

For full forecasts see: <http://www.weatheraction.com/member.asp>

QUESTION OF THE WEEK Now that Solar Cycle 24 has got going does that mean that the increasing solar activity will make the world generally milder? **A: NO!** The correlation of solar activity and world temperature applies for ODD cycles - which dominate the relationship between earth temperature & solar activity. World temps are generally lower in even cycles even when they are very active.

THE science deniers Empire is hitting the iceberg of truth – again!

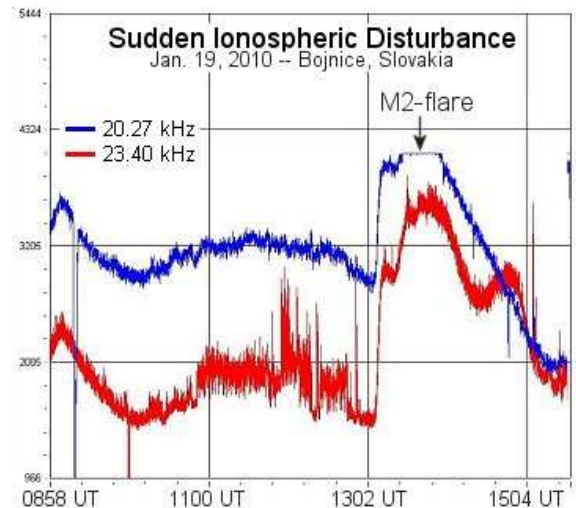

EXPOSED! Climate researchers discovered that **NASA & NOAA** scientists improperly manipulated data in order to claim 2005 as "THE WARMEST YEAR ON RECORD." KUSI-TV meteorologist, Weather Channel founder, and iconic weatherman John Coleman presents these findings in a one-hour special airing on KUSI-TV: <http://climaterealist.com/?id=4886> and go to **part 6** & <http://icecap.us/images/uploads/NOAAroleinclimategate.pdf> . Discuss how to sweep the fraudsters away at WeatherAction Press Conf 29 Jan.

STOP use of fraudulent data! – Please SIGN Downing St Petition!

<http://petitions.number10.gov.uk/UEACRU/> - 'We the undersigned petition the Prime Minister to suspend the Climate Research Unit at the University of East Anglia from preparation of any Government Climate Statistics until the various allegations have been fully investigated by an independent body.' *The link is easy to use. It Emails you back for 'signature' confirmation.*

Please sign & forward to someone else to sign. ASK ALL WOULD BE CANDIDATES IN THE ELECTION (they have been chosen already) to sign and make it clear you will not vote for anyone who doesn't sign this petition

Crusade against the science deniers!

Print out this newsheet and show it to a Global Warmer you know and ask them: "**Is all this from solar flares, to the ionosphere, the stratosphere, Scotland, China & the Timor Sea caused by driving cars?**"
