

WeatherAction long range forecast for Jan 10-13th

(issued Dec 15, unchanged for 30day issued Dec28)

WARNINGS of 27days ahead confirmed:

UK Met Office warnings of 24 hrs ahead show WeatherAction 27day ahead warnings confirmed:

- **Severe gale and Storm winds** – confirmed
 - **With wintry showers** – confirmed
- The MetO gale warnings (extracts below) include **Severe gales in 14 sea areas (red)**, with **storm force 10 warnings in 3 (purple)**
Of these 14 areas 8 were expected to have sleet/snow (=wintry)

The track of the important Low producing these winds was not as far south as WeatherAction's 27d ahead forecast but still further south & more intense, windy & wintry than MetO forecast of 3 days ahead.
