"SPOT-ON!" say WeatherAction Euro forecast users.

• *'MidSummer snow in the Land of the Midnight Sun' confirmed*

On www.WeatherAction.com Public COMMENT blog 24 Jun 2014, Saskia Steinhorst (Neth. sub.):

"SPOT ON wrt snow in Summer in Scandinavia, Piers! It explains that cold 'under-current' I've been speaking of the last week or so, as the wind has been predominantly coming from NW-NE in our region. I'm increasingly convinced our region is more under the influence of patterns near Scandinavia...."
